**INMET MINING ANNOUNCES TEMPORARY SUSPENSION OF  
PRODUCTION AT ÇAYELI**

**Toronto, Canada** - Inmet Mining Corporation (IMN-TSX) reported that on October 25, the Çayeli mine in northeastern Turkey, in which Inmet holds a 55% interest, experienced a series of ground falls in the upper levels of the mine. The ground movements have not resulted in any injuries or damage to equipment or mine infrastructure. Çayeli is performing rehabilitation work on the impacted areas during which time production will be suspended. It is currently anticipated that production will resume by the end of November.

**About Inmet** - Inmet is a Canadian based international mining company. Inmet's mining operations and investments produce copper, zinc and gold, and Inmet's growth strategy is focused on finding quality base metal reserves. Inmet's operating base consists of four competitive mining operations: Çayeli, Troilus, Pyhäsalmi and Ok Tedi.
